The Great House  
 Gills Green  
 Hawkhurst, Kent  
 TN18 5EJ

Leave The Great House and turn left up the lane. Immediately behind the entrance to The Great House car park turn left, signposted 'Public Footpath' **(1)**. Follow this footpath along the fences until you come to the road.

On the road turn left and walk down. Go across a small road bridge in the bottom of the valley and behind it you find a signpost 'Public Footpath' **(2)** on the right side. Follow the sign through the wooden gate and then along the fence on the right side. You come to a gate **(3)**, go over a style and follow the path between the fences over one more style and up the hill. You will go through the centre of a farm with alpacas, so don't forget to look around :-). At the end of the footpath go over the last style and you will be on a track.

Turn right and walk down the hill. Follow the stony track for about 0.3 miles (500m) until the track bears to the right up the hill. Then follow the track upwards for 50 yards (50m) and turn right over the style into the field **(4)**. Go along the bushes (bushes are on the left side), through the gate and continue along the bushes (bushes are on the right side now). In the corner of the field climb over the style **(5)** and go steeply down the trail to the wooden footbridge.

Go over the bridge and continue straight to the stony rural road (this rural road has no gate and you can see a pond on the left side) **(6)**. Go up the road, follow this road through Trewint Farm until you come to a bigger road. Turn left onto this road and after 30 yards (30m) turn right onto another road (the street is called Wellington Cottages). Follow this road, on the T-junction turn right and go back to The Great House.
